ALL SORTS.

—Buy the Tiger Hat and none other. *f 26 1m
—Lung Protectors at Thaxter's Drug Store.
—Trenmor Coffin is still under the weather.
—For cold feet, get a Hot Water Bag at Thaxter's.
—The State Board of Commissioners met yesterday.
—D. Bishop, of the Insane Asylum was in the city yesterday.
—Blumenthal & Cohn are sole agents for the Tiger Hat. *f 26 1m
—Democratic officials have just about one more year to make hay in.
—The Republican State Central Committee meets at Virginia a week from to-morrow.
—Fresh groceries at Leslie Bell's, new invoice just in, no shop worn goods on the shelves.
—Ead Bliss denies that he is President of the Electric Light Company. He says it's Meder.
—Work on the prospect well at the foot of the North Carson mountain was resumed yesterday.
—The electric light will blaze in the Capitol square in a few days. Legislative Committees need not ask for "more light" next Winter.
—Republicans seem generally agreed that one convention is enough this Fall to nominate Supreme Judge and Member of Congress.
—The Electric Light Company has been so well patronized that they will probably have to send for another dynamo to supply the demand.

—The big strike on the Eastern railroads is still on. Each side is confident of winning. It is expected that one side or the other will weaken in a day or two.

—A purgative medicine should possess tonic and curative, as well as cathartic properties. This combination of ingredients may be found in Ayer's Pills. They strengthen and stimulate the bowels, causing natural action.

—Almost miraculous are some of the cures accomplished by the use of Ayer's Sarsaparilla. In the case of R. L. King, Richmond, Va., who suffered for 47 years with an aggravated form of scrofula, Ayer's Sarsaparilla effected astonishing results.

A Simple Remedy for Small Pox.

Edward Hine, a correspondent of the Liverpool Mercury, in a communication to that paper speaks as follows:

"I am willing to risk my reputation as a public man if the worst case of small pox cannot be effectually cured in three days, simply by a cam of cam. This is the sure and never failing remedy. One ounce of cam of cam dissolved in a pint of boiling water, to be drunk when cold at short intervals. It can be taken at any time, and is a preventive as well as a cure. It is known to have cured in a hundred thousand cases without failure. I have myself restored hundreds by this means. It never leaves a mark, never causes blindness, and always prevents tedious lingering. If the people will only try it and send all the cures to you, you would require to employ many columns if you gave them publicity."

Syrup of Figs

Is Nature's true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Costive; to dispel Headaches, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. For sale by George C. Thaxter, agent Carson.

A Chance to Learn French.

Madam Bousquet of San Francisco is now in this city forming a French class, and meeting with splendid success.

The Madam is a woman of very charming address and liberal education with hearty personal endorsement from some of the leading people of San Francisco.

Applications for membership to her class can for the present be left with Mrs. Gov. Stevenson.

ARBOR DAY.

A Few Trees that Do Well in Nevada.

TO THE EDITOR OF THE APPEAL:—Arbor Day will be early in April, and there is time to make proper preparations for tree planting. We may combine the beautiful with the profitable. A red June apple tree is covered with blossoms in Spring and bright red apples in July, and the red Astrachen is ripe in one or two months later. Skinner's Pippins, good for drying, eating or cooking, is a large yellow apple, and grows and bears well in Nevada in September. Rome Beauty, a large yellow and red, which Ross Lewers informs me is the most profitable for Nevada from December to February. The Baldwin, R. I. Greening and yellow Bellflower, from February to April. The last three kinds are shipped to England. Green gage plumb and prune do well. Englund Murrella, May Duke and Early Richmond cherries do well. Early Crawford peach does well in Dayton and Silver.

In planting dig a hole three feet deep and three feet across. Put a layer of loose manure in the bottom and a layer of earth, and so on until you come within one foot of the top. Put a board across the top of the hole and plant just the same depth each time. You will be guided by a slight curve where the tree was grafted. The straw manure is used to keep the ground loose and retain moisture.

Dig the holes right away and be ready. Plant a fruit tree on Arbor Day for every member of the family. You can buy a good two-year-old fruit tree for 50 cents, and there is no excuse for not doing so.

Ornamental trees—Linden, with its leaves from six to nine inches long. Weeping elm, large leaves and handsome. Weeping birch, very fine. Locust, flowering from May till September. Horse chestnut, red flowers. The Royal Oak of England, fast grower. Bar Oak has a grand appearance.

The above varieties are not kept in Carson, and it will take two weeks to get them here. Some of the above varieties have been tried in Carson, and the selection was made for Nevada.

Roses—John Hopper is the best rose for Nevada.

General Jacqueminot, scarlet and attractive.

LeFrance. Climbing roses—Baltimore Bell, Seven Sisters and Prairie Queen.

JOHN WOOD.
